BEST

OF 2002

BEST LOCALLY MADE PET PRODUCT

By October 2002, Crown Hill residents Cici and Bruce Kelling had diverted approximately 5,000 pounds of fleece remnants away from Seattle landfills and into plush puppy beds. The result: the eco-friendly **Big Schrimpy**—a stylish, durable and entirely washable (down to the ever-fluffy, never-smelly, fleece-scrap filling) doggie divan. See www.bigschrimpy.com for a list of dealers.
